SCENIC BYWAYS
In Idaho, taking the road less traveled is a wonderful way to explore the unique charm and scenic beauty.

Idaho is the land of the braving pioneers and the grandeur of the state's landscape will leave you breathless. National parks and forests host some of Idaho's top attractions - The Lost River, Henrys Fork of the Snake River, and the Sawtooth Mountains. You can camp in the forest, fishing, wildlife-viewing, soaking in hot springs or even catching raft!
